

TUMBLE™

Powder Laundry Detergent

Product Features

- Leaves laundry clean and soft every time.
- Rinses clean, leaving no soapy residue.
- Makes whites whiter, colors more vibrant.
- Economical and completely biodegradable.

Description:

Tumble Powder Laundry Detergent is a powdered laundry detergent that is safe for use on all washable fabrics. Full strength cleaning properties make this product ideal for commercial and industrial laundry applications, yet Tumble is gentle enough not to harm delicate items.

Intended Use:

Tumble is intended for use in commercial and industrial washers, but is delicate enough for general use as well. It leaves laundry bright, clean and easy to iron. Tumble rinses clean leaving laundry fresh and residue free.

Product Specifications:

Dilution: 1/8 - 1/4 cup per load, depending on application.
pH 1% solution: 11.4
Odor: Lemon.
Appearance: White powder.
Shelf Life: 5 years.
Disposal: Dispose according to all local, state and federal regulations.

Product Capabilities:

Tumble is completely biodegradable and is safe for all septic and sewage systems. This special blend of detergents is designed to leave laundry bright, clean and easy to iron. Tumble rinses clean leaving laundry fresh and residue free.

Use Instructions:

Top Loading Washer Applications: 1/4 cup per load.
Front Loading Washer Applications: 1/8 - 1/4 cup per load, depending on size.
For best results, fill washer, then add detergent.

Precautions:

May cause mild irritation to skin and eyes. Protective eyewear and gloves are recommended. If taken internally, drink large amounts of water. DO NOT induce vomiting. Seek medical attention immediately.
