

UNICLEAN™

Neutral pH Liquid Vehicle Wash

FEATURES AND BENEFITS:

- Safe on glass, plastic, rubber, paints, chrome and stainless steel.
- Designed to cut through and remove tough soils from vehicle surfaces.
- Great for interior and exterior wash applications.
- Formulated to provide a spot-free and streak-free shine.
- Moderate foaming characteristics.
- Effective with hot or cold water.
- Neutral formula makes Uniclean ideal for water recycling systems.

INTENDED USE:

All-purpose interior and exterior wash suitable for tunnel, coin-op, pressure wash and hand wash applications.
