Certol International Awarded GSA Contract

COMMERCE CITY, CO (May 6, 2013) Certol announces today that effective May 1, 2013 Certol detergents and disinfectants are available for purchase through the United States General Services Administration (GSA) under Schedule 73 contract number GS-07F-236AA .

The contract makes Certol enzyme detergents, surgical instrument cleaners and surface disinfectants readily available at greatly reduced prices to military and Veterans Administration (VA) hospitals, federally run clinics, Indian Health facilities and any other federally operated institution that has a need for surface disinfectants and surgical instrument cleaners. The contract will also result in reduced pricing for those purchasing off Certol's DAPA contract, whose pricing will be brought in line with the GSA contract.

The contract includes Certol's EPA approved ProSpray brand disinfectant wipes and liquids and ProEZ brand enzyme detergents, including ProEZ foam, the market's premier surgical instrument pre-treatment spray. Other items are included as well. All products will be available on GSA Advantage can be purchased through distributors or directly from Certol.

"This contract represents a great effort by our staff and the pricing is intended to be extremely competitive for government facilities," stated Ed Cassinis, President of Certol International, a Colorado based Certified Small Business (SBE). "We believe it is our duty to ensure low prices are made available to federal facilities in the market space."

Interested parties are urged to contact their local Certol representative or contact Certol directly by calling 800-843-3343.

About Certol International, LLC

Certol International, LLC is based in Commerce City, Colorado. Founded in 1979, the company strives to produce innovative, cost-effective solutions to the complicated infection control challenges of the 21st century. Certol International works with distributors to supply its products throughout the nation and, increasingly, throughout the world.
