

# DYNA-CLEAN™

## Acid Cleaner and Presoak

### FEATURES AND BENEFITS:

- Safe on glass, plastic, rubber, paints, chrome and stainless steel.
- Quickly cuts through exhaust stains, films, food stains, dirt and grease.
- Helps prevent deterioration of most surfaces.
- Rinses freely - does not streak.
- Foaming formula.

### INTENDED USE:

Use Dyna-Clean as a presoak/pre-rinse agent to remove stubborn hard water stains, rust and mineral deposits from automotive finishes. Also use to remove rust, tarnish and road film from copper, iron, fiberglass, aluminum, brass, glass and steel surfaces. Great for use in automatic vehicle wash and coin-op applications.
